

Answers to the most asked questions:

The Digital Fine Art Prints on genuine linen, covering a wedged frame, are available in every size, squares from 20 by 20 cm, to maximum of 200 by 200 cm, and, of course, rectangular frames. The pictures are absolutely watertight, dust resistant, hand-signed, numbered and limited to 20 prints each.

Digital Fine Art prints on Linen.

In this process genuine linen is used over a canvas frame. High-quality paints make sure that the colours are just as brilliant after many years. These prints can hardly be distinguished from a genuine painting. By using special frames, the material can be newly stretched should it become dented. The frames are made of well-matured European fir-wood.

The pictures are provided with an attachment to hang them on the wall.

One or two nails are sufficient for hanging it up.
